WORK HISTORY

Freelance Editor, Granberg, UK/Norway (September 2017 – Current)

Producing a number of videos for Granberg's social media channels and B2B advertising. Managed the projects directly from the idea generation, filming, editing and delivery. Liaised with the clients and made sure their expectations were exceeded. I filmed in challenging outdoor locations in Norway. I am currently working on post-production in London.

Freelance Edit Assistant, London (May 2017 – Current)

Assisting video editors by managing video databases, sound libraries, editing scenes and monitoring quality of a finished project. Worked with companies such as Grey London, Hogarth, Nomad, The Quarry, The Outfit and others.

Freelance Production Assistant, London (November 2016 – May 2017)

Assisted producers with booking locations and crew, ordering catering and transport, managing talent, producing casting and call sheets, story boards and managing small budgets. Worked with companies such as Gorgeous, Outsider, Rattling Stick, Smuggler, 2AM, Rogue Films and others.

Technical Runner, HSI, London (August 2014 – June 2016)

Assisted producers and production assistants as required by managing video databases, troubleshooting IT issues, running the office and ensuring the company was running smoothly.

EDUCATION

Avid Media Composer Fundamentals (Level 2), Soho Editors, London (2017)

Enhanced my Avid Media Composer skills and put them to practice while learning from industry professionals.

Editing for High-end TV Drama, Alias Academy, London (2017)

Developed my Adobe Premiere Pro skills further while specialising in editing for TV drama.

Digital Image Technician Course, Alias Academy, London (2017)

Gained technical knowledge on TV and broadcast technology and changing media industry.

First Class in BSc Media Technology and Production, University of Bradford (2010 – 2013)

1st place (entertainment category) in National Royal Television Society Awards for final year film project. Gained production skills in various media forms: websites, films, advertising and social media. Familiarised myself with media ethics. Modules included: Web Design, Experimental Filmmaking, Business Development, Editing and others.
