PROFESSIONAL EXPERIENCE

I am very driven and hard-working individual, I built my career as a video editor since being a high school student.

Everything start with a strong interest for music videos and commercials, looking at Gondry, Glazer, Corbijn, Jonze, Romance and Cunningham works.

Worked as freelance director, video editor and video operator to some of the most important Italian brands (Proraso, San Pellegrino, Acqua Panna, Veredus) and Adv Agencies (Red White and Green, The House of Mouse, Wurbs*, Dogtrot, D&Co).

After years of experience, I am capable to work under pressure and on short-deadlines.

I own my personal workstation to manage projects independently if needed.
