I am an award winning and experienced Director with an excellent across-the-board knowledge of film sets, both location and studio. I have also operated as Floor and Production Runner on numerous feature, short, commercial and indie productions across London and the Southeast.

Due to the nature of these films, I have often had to adapt to new situations within the camera department, AD department, art department and production department.

I am in the process of setting up production company, Forturian Entertainment, which will focus on Fashion Film, Commercials, Viral/Social Media films and Narrative.
