MOTION GRAPHICS ARTIST  
FILMMAKER  
DESIGNER

## HEY THERE!

I'm Jon,  
I founded ARORA Studios in May of 2016, as a way to establish myself as a freelancer. I started out my career in Lisbon, and decided to move to London in late 2013 to expand my knowledge and seek new adventures.

I come from a Graphic Design background, and I taught myself other crafts like animation throughout the years.
