## Summary

Nadine Allen is a freelance Camera Operator and Video Editor, recently working for Space NK on their Mother's Day SS 2017, Campaign Videos.

Nadine is equally adept at sound recording, DIT, retouching for video and photos.

Clients include: Coca Cola, Sony Playstation, MasterCard, Allianz, 'Five Thirteen' - Feature Film, Lenny Kravitz etc.

Through working with these companies, Nadine has developed her ability to be adaptive in any role she is given. She often is given 3 roles during productions such as camera operator, DIT and video editor because of this nothing is lost in translation and it enables a more efficient production process.

## 2 people have recommended Nadine

"Nadine is joy to work with as nothing is ever too much trouble, doesn't get stuck in perfectionism, multi talented, from camera operating to DIT, sound recordist and editor, enabling me to be able to deliver some of my best work to my clients within challenging online budgets, cannot recommend her highly enough."

— **Terry McGough**, *Producer / Director / Online How to Video Content, Bare Escentuals*, was Nadine's client

"Nadine is wonderful! She's a top professional but that's only half the story - she's always smiling and buzzing with energy even when the going gets rough and we know that film productions can get hairy... She's very creative and fun to be with, I'd be happy to work with her again. "

— **Yarden Yaroshevski**, *Founder, CEO, StikiPixels*, was Nadine's client
