## CAMERA OPERATOR/FILMMAKER

Having worked in the industry for over 10 years I possess an extensive knowledge of video strategy and all things digital. I am experienced in live broadcast, documentary and cinema production with an extensive knowledge of professional camera and lighting equipment.

I am highly skilled and experienced in creating a broad range of film content from concept to final delivery, both as a freelance professional and an in house employee.

Available as a director, director of photography, camera operator, video editor/digital colourist and drone operator for all types of production.

I own everything you need for any production: 4K camera & lenses - 4K drones - jib arm - sound recording kit - lighting kit - gimbal and much more all available. Additional crew can be supplied.
