Personal Profile

I am an MA Graduate in Film Making, enthusiastic and creative film maker, sound recordist and sound designer. I have directed several short movies, which gave me a wide range of experience in film-making and video production, an opportunity to improve my skills in organising and coordinating people, tasks and meeting deadlines.

Key Skills

- Good hearing for judging sound quality; setting up equipment to suit the acoustics and the sound designer's instructions, selecting and placing fixed microphones, monitoring sound quality, recording sound onto digital devices, the ability to cope with long hours and tight deadlines; good communication and 'people' skills; awareness of health and safety.
- Technical proficiency in Final Cut, Adobe Premiere CC, Final Cut Pro 4, Soundtrack Pro and Adobe Audition and feel competent when working with cameras such as DSLRs, 5D MarkII and MarkIII.

Key Achievements

- MA in film making Distinction
- Msc Computer Science : 2.1
- NCFE Level 1 Certificate In Employability Skills
